

## Developments at Robertsbridge

Since the last newsletter, work has continued at the RVR site in Robertsbridge. At the beginning of the year, the PMV wagon was shunted closer to our area at the site which now means it is more-or-less adjacent to the tram bodies which is quite beneficial. Inside the wagon, Roy and Derek have now fitted a wood burning stove (for those cold winter days!) and electrics (to run the kettle!), which means the tram club is now virtually self-sufficient at Robertsbridge.

Despite the bad weather at the beginning of the year, a small amount of work has been done on the tram car bodies recently. Mostly, work has been focused on fitting some new panes of glass in the windows of car 56 to make it more presentable to visitors.

Work which still needs to be completed includes the reconstruction of the disassembled tram truck, repainting of the outside of the PMV wagon and construction of some dummy platforms for the two tram cars.

Lots to do but not enough time in the day!

## AGM - held 23<sup>rd</sup> February 2010

The club's annual general meeting was held at the RAFA club on Tuesday 23<sup>rd</sup> February. It was good to see several faces there. The AGM meant it was time to elect the officers for 2010/11. It was completed *en bloc* as proposed by Howard Williamson and seconded by Mike Turner. Below is the list of officers for 2010/11:

<b>Chairperson</b>	Roy Austen	<b>Membership Secretary</b>	Derek Masters
<b>Vice Chairperson</b>	Steve Chapman	<b>Fundraising</b>	<i>vacant</i>
<b>Secretary</b>	Chris Sweatman/ Oliver Boorman	<b>Newsletters</b>	Oliver Boorman/ Roy Austen
<b>Treasurer</b>	Derek Masters	<b>Archives</b>	Barry Enefer

## Treasurer's report

At the time of the AGM, takings for 2009/10 were £388.28 and expenses were £194.50. This means we made a profit of £193.78 for last year, which is not too bad in the current climate. We now have £946.70 in the bank.

---

## Tram display in Hastings?

At the AGM in February, we discussed the possibility of showcasing a modern tramway system for Hastings in the town centre. Hastings Borough Council has recently been pushing for artists and organisations to produce exhibits for some of the empty of the shop fronts in the centre of the town. Would it be possible for the tram club to produce a display promoting the idea of a modern tram system for Hastings? Ideas on a postcard, please!

---

## Hastings Tramways Website

The club's website has recently been re-launched with a new look to include more information. New features include a newsletter archive, where visitors can access copies of club newsletters from 2004 until present day, information about our cars 48 and 56 and the potential for modern trams in Hastings. If you can, give us a visit at [hastingstramwaysclub.tripod.com](http://hastingstramwaysclub.tripod.com).
